Dear Professor Newell,

I am very much interested in the study of the Alexander numismatics and I wonder if you would be kind enough to send me your offprints. I have a copy of The Dated Alexander Coinage of Sidon & Ake, but I have not been even able to read your other studies. Our library is rather small.- Hoping to hear from you, I am

Dear Sir:

Your letter of the 17th to Mr. Newell, has been referred to me for reply. Mr. Newell asks me to say that the only reprint of which he has copies available for distribution, is the one which he is sending, under separate cover, with his compliments. For your information I am enclosing a list of other titles by him, which are published by this Society.

Yours very truly,

Secretary.
